

COMPANY PROFILE

www.greensun.co.za

**Reliable,
affordable
energy
done right.**

Since 2011

GreenSun is a sustainable energy firm that provides a variety of solar energy solutions with **superior products**. These solutions include On-Grid, Off-Grid, and Battery-Backup-Only systems, among others.

We provide **individualised solutions** that have the **lowest total cost of ownership, after-sales support that is unmatched in the industry, and flexible financing choices**. GreenSun takes pride in each and every job that we do, regardless of how large or small it may be. GreenSun has made it their mission to serve as a renewable energy partner for all customers.

HISTORY

ABOUT US

Xavier Louw - CEO

“ **Enabling Access to Reliable and Sustainable Energy for Everyone** ”

GreenSun was created in **2011** by the visionary duo & brothers, Andeon and Xavier Louw, with the goal of offering **unparalleled solutions to their clients by leveraging the best technologies of the time**. Their ambition was not just to succeed but to **redefine standards in the renewable industry**.

As GreenSun looks forward to the future, it continues to hold steadfast to its initial mission of combining cutting-edge technologies to provide superior solutions, with the added aim of **becoming a leader in the industry, both in South Africa and internationally**.

WHAT WE BELIEVE

We believe in a **sustainable future** where **everyone** can access the **reliable power** they need. Our company's core values guide all of our interactions with business partners, consumers, and end-users. Our 27+ person workforce and the shared values that underpin our corporate identity are reflected in our day-to-day operations.

Audacity

We believe that we can become the **leader in rooftop renewable energy across Africa and the South Indian Ocean region**. We have the boldness to think, create, and execute competitive, effective energy solutions.

Integrity

Whatever we do, whenever, and wherever we do it, we do it with **integrity**. We collaborate with partners who follow the same set of rules. Our ethical attitude is a valuable advantage in our operations.

Commitment

Commitment drives us to **show up, stay focused** and **keep pushing forward**. It is the foundation of our success and the strength behind every solution we create.

Team Spirit

We are a team built on **respect, commitment**, and the **drive** to make a difference. Our team is proud to stand together, because they are not just part of the process, they are the solution!

We provide the best service for our clients with **high professionalism.**

SERVICES

At GreenSun, we **specialise** in the **engineering, design, and installation** of solar systems for commercial, industrial, residential, and off-grid applications. We're also passionate about creating Community Solar Systems that bring clean energy to more people. Through our trade division, we proudly supply, train, and support a growing network of over **20 dedicated solar installers**.

COMMERCIAL & INDUSTRIAL PROJECTS

On Grid, Commercial Battery, or Solar with Genset Integration, we have the design capabilities, experience, and qualified team members to provide you with a tailored, fully engineered commercial solution.

RESIDENTIAL INSTALLS

GreenSun is one of the leading residential solar installers in the Western Cape and is quickly expanding into other provinces.

WHOLESALE & TRADE SERVICE

We offer a small basket of high-quality products to installers. GreenSun is a distributor of Victron ,BYD batteries, K2 mounting, and Jinko Solar Panels.

TECHNICAL SUPPORT & SERVICE CENTRE

Not one of our exceptional solutions would be complete without a solid, devoted support staff to ensure that your investment yields the best possible results.
